Hyderabad,
January 23, 2006.

To
His Excellency,
Shri A.P.J.Abdul Kalam,
The President of India,
Rashtrapathi Bhavan,
NEW DELHI, India.

Honourable Sir,

I, T.V.Subba Raju, aged 81 years, wish to write the following two facts of my experiences to your kind attention.

About 1½ years back, I suffered from Paralysis Stroke with my left side totally affected and made me bedridden, for which I have taken treatment from Life-Saver Clinic (Homeo), which is popular for its results, and I have recovered totally from paralysis within one year of their treatment. Now I am totally normal with all my functions.

Apart from the above results, which is of course well expected from that clinic, I have got two wonderful results which are really worth telling the world, as given below.

- 1) I lost my vision of right side eye 12 years back following the operation of Glaucoma Disease in Sarojini Devi Eye Hospital, Hyderabad, A.P., ever since, that eye is totally blind. Now after one year of treatment from Life Saver Clinic for Paralysis, to my surprise, got my right eye vision restored more than 50%. Now I feel so excited to write that "Blindness is no longer a curse to suffer forever, but definitely a disease that can be cured".
- 2) Another most astonishing result on my deafness, I suffered Deafness for about 5 years, I had to use hearing aid/machine, now after the above said treatment, my normal hearing is restored and aid/machine is no longer required.

For the above results, I whole-heartedly thank to Life-Saver Clinic for their excellent treatment techniques which the world should make use of.

As a responsible senior citizen of India, I in all humbleness request first citizen of India to respond in the larger interest of the public. I am giving this letter on my free-will.

Thanks and regards,
Yours senior citizen,

(T.V.S.Raju)

Dear Sir,

Sub: Diabetes and Gastric Ulcer – reg.

I, Mrs. Devakka, aged 35 years was suffering from Diabetes and my Sugar reading was 242mg. I was taking Insulin injection morning 40 units and evening 45 units. I was getting giddiness, pain in legs, headache and numbness in left hand and left leg. I also developed ulcers in my stomach. I used so many medicines, but I could not find any relief. Then I took your clinic treatment and all my problems are relieved. Now I am leading happy and healthy life.

Thanks to Life-Saver Clinic.

Dear Sir,

Sub: Gangrene, Kidney Failure and Heart Problem – reg.

I, Yadi Reddy, aged 52 years, got injury of my left leg thumb and I took treatment for a considerable time but it was not cured. Later in Chandanager Hospital doctors told me that I was a Sugar Patient and left leg thumb has to be removed/amputated. “In later developments within three months (1st February to 15th May) time my left leg has become gangrenous and has to be removed till knee joint other wise my survival is very difficult”, it was informed by doctors at Srinivas Hospital in Suraram. Even after amputation they could not give guarantee for my life existence. They also informed that my kidneys were working only 2% and I was unable to urinate, my heart was also enlarged.

At that time as god sent Mr. Devendar Reddy, advised me to take Life-Saver Clinic treatment. After taking treatment from your clinic, I was cured of my Gangrenous leg and kidney problem. Now I am enjoying normal healthy life.

On my free-will I am writing this letter to thank Life-Saver Clinic for giving me a RE-BIRTH/SECOND LIFE.

Thanking you Sir,

Yours faithfully,

Dear Sir,

Sub: Kidney Failure and Prostate Gland Cancer – reg.

My father, Ch.Veeraiah, aged 70 years, was a known Diabetic and Hypertensive patient for last 11 years. In August, 2003, he became ill and was treated for 2½ months in Khammam Hospital. Later doctors told that Kidneys were not working and Prostate Gland has become cancerous. His blood serum creatinine was 5.5 and it went upto 9.0. Due to high levels of blood sugar (600) and B.P. He could not stand for dialysis. Doctors discharged him on “Hopeless” note. Fortunately, we came to know about your Life-Saver Clinic treatment and started immediately. After taking 3 months treatment, his creatinine is 2.6 and blood sugar is normal. My father has recovered totally from Life-Saver Clinic treatment.

Dear Sir,

Sub: Psoriasis with HIV +ve case – regarding.

I suffered from Psoriasis in 1997. I did not get any relief from any treatment whatever, I had taken. In July, 2002, Remedy and NIMS Hospitals diagnosed as HIV +ve. On advice of my friend, I started Life-Saver Clinic treatment in July, 2002. Now, I am cured of Psoriasis. I am feeling that I am free from HIV +ve, to confirm with HIV test.

Now I am healthy happy.

I am writing this letter on my free-will for the benefit of HIV +ve patients.

Thanks to Life-Saver Clinic.

Dear Sir,

Sub: Skin Disease and Paralysis cases – regarding.

Mr. Pedda Reddy, M.A., Ph.D., was suffering from Skin Disease with swelling of whole body. He had taken treatment from Sri Satya Sai Super Speciality Hospital, Puttaparthi. But he did not get any relief. I advised him to take your Life-Saver Clinic treatment. With in a period of 4 months, he got very good relief and leading normal healthy life.

My father Sri K.Suryanarayana Raju, aged 83 years, got Paralysis stroke. Immediately with in a hour he started your treatment and he recovered very fastly. Along with your treatment, he was advised to take Physiotherapy for some time. Now he was cured totally from Paralysis and leading healthy and normal life.

I am writing this letter on my free-will.

Thanks to Life-Saver Clinic.

Dear Sir,

Sub: Thalassemia (Bone Marrow Depression) – regarding.

My brother-in-law was suffering from Thalassemia (Bone Marrow Depression) and undergoing for blood transfusion (B-Ve) every 10-15 days in NIMS, Hyderabad and MGM Warangal. The doctors informed us this could be a only temporary measure and unless a bone marrow transplantation is a must for survival.

Later, he was advised Bone Marrow Transplantation from Rayavellore (Chennai) Hospital which costs around Rs.25.00 lakhs on the whole. Even afterwards there was no guarantee of survival. The doctors had further informed that the patient without this operation can not survive beyond 3 days.

By the grace of God, we could contact Life-Saver Clinic, Hyderabad and started the treatment from August, 2002 onwards. Within 15 days, my brother-in-law has shown good improvement and blood transfusion was not at all required afterwards. Within 6 months period, he was totally cured. As a precautionary measure on your advice we continue the treatment upto last month. Now my brother-in-law was totally cured from Thalasemia.

We place on record our thankfulness of our entire family members to your organization for saving the life of our beloved brother-in-law.

Thanking you Sir,

Yours faithfully,

Dear Sir,

Sub: Regarding HIV +ve.

I, B.Ramanjaneyulu, resident of Mahaboobnagar, wish to inform you a most wonderful result about HIV/AIDS case as below.

P.Ramulu, aged 26 years and his wife aged 24 years belong to Peddamandadi village of Mahaboobnagar district, were suffering from HIV disease. It was detected when they got tested during her pregnancy time in their village and both were HIV+ve. Immediately after knowing about HIV their village doctor sent them to Mahaboobnagar Govt. Hospital. Before sending, the doctor told that both husband and wife would die with in 2 to 3 years. Even in Mahaboobnagar hospital doctors were helpless and sent them to Hyderabad Govt. Hospital where she delivered and the baby died immediately. After this incident when both Ramulu and his wife went to their village, they were not allowed to stay in the village. When they were in helpless state, I advised and brought them to Life-Saver Clinic. They stayed in Hyderabad for 8 months working as an Auto Driver and used sincerely all the 5 medicines on 2 hourly dosing (8 doses). They got relieved completely, tested HIV+ve, and went back to their village, but the village head (Sarpanch) again advised them to go for a checkup and the test was negative. And then they were allowed to stay in the village.

We were surprised to this result and we express our sincere thanks to Life-Saver Clinic for their world stunning result.

Thanks to Life-Saver Clinic.

Dear Sir,

Sub: Regarding Diabetes, Heart problem, Cancer and AIDS.

I, Mr. K.Laxman Rao, want to share few experiences of my patients after taking your Life-Saver Clinic treatment.

- 1) Mr. Rattaiah, aged 65 years, was suffering from Diabetes, Hypertension and Thyroid problem for last 20 years. Always his sugar level was showing above 300mg, 4 years back he took your clinic treatment for the period of 8 months, after that his sugar level is maintained normal (110mg) and also he is taking all types of sweets without any food restrictions. He is healthy and leading normal life.
- 2) Mr. Narayana, aged about 42 years, was suffering from Heart problem, Kidney Stones and Piles for last 5 years. The Kidney Stone was very big and doctors told that it has to be removed through operation only. Once he was in serious condition with the heart problem and he was admitted in Usha Mullapudi Hospital. Doctors informed that the heart surgery has to be done with in a week other wise it is dangerous. At that time he was advised to take your clinic treatment and the took for 10 months i.e., Feb. 2005 to Nov. 2005, during the treatment he was relieved from Kidney Stones and Piles problem. After 10 months of treatment, he went for heart checkup and it is found quite normal and the operation is not at all required. One more surprising result is he was relieved from Migraine, headache which he was suffering from childhood.
- 3) Mrs. Venkata Narasamma, aged 60 years, was suffering from Urinary Bladder Cancer for last 2 years. There was no self control of urine and wetting of clothes were present. She is taking your clinic treatment from last 9 months. Now urine self control is there, she was relieved from Cancer and leading normal healthy life.
- 4) 30 years aged person is suffering from AIDS with Psoriasis and he was in fatal condition. At that time he came to know about your clinic treatment through my friend, he is taking treatment from last one year, now he was relieved completely from Psoriasis, Viral load is decreasing gradually and in recent test it is decreased from 1.96 to 1.67. Still he is continuing the treatment and he had hope that he will come out from HIV+ve disease.

I am writing this letter on my free-will for the benefit of other people.

Dear Sir,

Sub: HIV/AIDS & Liver Cancer cases – regarding.

I, B.N.Reddy, working in Indian Immunologicals Ltd., Hyderabad wish to submit two results of dreadful cases as follows:

- 1) HIV/AIDS – Mrs. Pramila, aged 35 years was suffering from HIV/AIDS since 2002. She took treatment from various hospitals, but there was no improvement, doctors discharged her as a “Hopeless” case and informed that she could not survive more than 10 days. At that time, I advised her to take your Life-Saver Clinic treatment, within a short period she got very good improvement and after completion of 4 months treatment, she got tested for HIV and it was found Negative (-ve). Ever since she is leading normal healthy life. For this great result they were surprised and expressed hurtful thanks to Life-Saver Clinic.
- 2) LIVER CANCER – Mr. Adimurthy, aged 50 years, suffering from Liver Cancer and also history of Diabetes and B.P. is there. He took treatment from Vijayawada, Hyderabad and Chennai hospitals. In Chennai hospital, he got operated and after that the doctors declared that he is in “Hopeless” state and survival is only for days. As I am confident of your treatment for the hopeless cases like above, I advised them. He is taking your clinic treatment for 2 months and he has recovered very fastly and feeling healthy. When he got tested and found lot of improvements. Now he has come out of dangerous position and hopeful for total recovery.

Thanks to Life-Saver Clinic.

Yours faithfully,

Dear Sir,

Sub: Gastric Ulcer – regarding.

I, T.Sai Baba, aged 58 years, wish to inform that I took your clinic treatment as a First Patient for the following health problems for 6 months in the year 2001 and became totally normal.

On 19th April, 2001 at 6:00 P.M. you have launched clinic concept through your lecture at the park area near Sai Baba Temple in Bhagyanagar Colony, Hyderabad. At that time having heard your clinic concept, I decided to take treatment.

My health problems: Acidity and Gastric Ulcer etc., I am so happy to say that even after 5 years, there is no trace of recurrence of above the problems.

This letter is given on my free-will.

I shall ever remain grateful to you Sir,

Thanking you Sir,

Dear Sir,

Sub: Regarding Mental and Heart problems.

MENTAL & HEART PROBLEM: I, Mr. Surendranath, taking your clinic treatment for last few months and advised to take treatment to one of my relative for mental and heart problems. She is taking treatment from the November, 2006 onwards. Within a short period her mental and heart problems were decreased, their relatives were surprised to see her as a normal person and they are so happy for this great result.

HEART PROBLEM: My father aged 83 years was suffering from Heart problem from the last 8 years and doctors declared heart operation is necessary for him and I advised him to take your Life-Saver Clinic treatment, he started taking from September, 2006 and got very good relief within 15 days. After that in Machilipatnam the doctor was surprised, seeing my father with healthy heart without necessary of operation.

Still both are taking your Life-Saver Clinic treatment for complete cure.

On my free-will, I am giving this report.

Thanks to Life-Saver Clinic.

Dear Sir,

Sub: Early PSS, Reduced Blood Circulation over the hands & legs, Rod like stiffness of legs and hands and gradual loss of eye sight – reg.

My wife, Smt. K.Padmavathi, aged 58 years has been suffering from the above problems since 1994. all types of tests were conducted in NIMS and the treatment is given ever since. But there are no improvements, on the other hand the problems are on increase, particularly on legs and hands developing spreading ulcers taking very longtime for cure more than 3 to 4 months.

As regarding loss of eye sight, the specialist doctor clearly said nothing can be done for this problem on the other hand it may lead to blindness, no surgery can help.

On the advise of my brother-in-law we started Life-Saver Clinic treatment which we are continuing for the last one year and we are very happy to write that lot of improvements are there in the above said problems. Particularly, the skin problem (Ulcer) not spreading, cure taking place with in a short period. As regards loss of eye sight it is really surprised to see that her vision is improved like anything and now she is comfortably reading newspaper etc., which she was not able to do earlier.

Now she has developed such confidence that she will be able to come out of all the problems in a very short period of time.

We express our gratitude and thanks to Life-Saver Clinic.
This report I am giving with happiness and on my free-will.

To

The C.E.O.
Life-Saver Clinic,
Hyderabad-500 072,

Respected Sir,

Sub: Food Poisoning, Coma, Blood Infection, Pig bite, Hair Fall, Heart Problem and
Kidney Failure – Reg.

* * * * *

I, Kezia, residing at KPHB, Hyderabad, I wish to inform you few results which I have observed clearly.

- 1) **FOOD POISONING** : B.James, aged 45 years, suffering from food poisoning resulted in severe dehydration and was admitted in Cure Well Hospital, Hyderabad, but the patient was not improving and came to me. After giving 2 doses of Life-Saver Clinic Treatment, the patient has become normal.
- 2) **COMA**: Mrs. John, aged 86 years, residing at Abids, Hyderabad has gone into Coma, and was admitted in CARE Hospital. The patient was also suffering from Diabetes, Blood Pressure (BP) and Paralysis. Doctors said it was hopeless and discharged her. After using 6 months of Life-Saver Clinic Treatment, she came out of Coma, diabetes and Paralysis also. Now she is leading healthy and happy life in America.
- 3) **BLOOD INFECTION**: Master Nikhil, aged 10 years, residing at Kerala, was suffering from Blood infection and the body has turned black. After using Life-Saver Clinic treatment for 6 months he become normal.
- 4) **PIG BITES**: Baby aged 2 years had a Pig Bite and was brought to me. After applying Life-Saver 'B' Powder the skin became normal and bite was healed completely.

Respected Sir,

Sub: Regarding Calcanium Barsitis (Growth in the Bone of Right Leg.

TO WHOMSOEVER IT MAY CONCERN

I, Arun Kumar, working as Deputy Commandant in Central Industrial Security Force, this is to inform that Life-Saver Services had conducted a Lecture at our office premises in the month of January, 2002. the lecture of Mr. Bapi R.M., Chief Executive Officer had covered various aspects of healthcare at Home. As I was very much inspired by the concept, I started using their doctor Made Mixes for a chronic disease, which I was suffering for the last ten years. Calcanium Barsitis (growth in the bone of right leg) and also I used the medicine for Facial Paralysis. The Doctor Made Mixes gave fantastic results on me and I had been cured of the above two diseases within a period of three months. There were no side effects observed.

These Mixes are excellent and hence, I had recommended them to many of my friends who were also benefited by them.

It is a wonderful invention by Mr. Bapi R.M., I wish that every person having any problem should try these Doctor Made Mixes.

Thanks to Life-Saver Clinic.

Yours faithfully,

(ARUN KUMAR)
Deputy Commandant,
Central Industrial Security Force.

TREATMENT WITH ELECTRICITY

In the human body, every organ is like a mini-power house, where electricity is produced with appropriate voltage potential as needed. So, the doctors are measuring the electrical voltage in the particular organ to know whether it is healthy or not?

The scientists are of the opinion that if the body cells-electrical potential can be increased, the old-age can be driven out.

Source: Eenadu Newspaper,
